Email 1:-

Subject: Request for Extension of assignment

Dear Professor,

I hope this email finds you well. I am writing to respectfully request a brief extension for the assignment, currently due on 28th of March, 26.

Over the past few days, I have been dealing with certain health issues, which has impacted my ability to complete the assignment to the best of my ability by the original deadline. I understand the importance of submitting quality work, and I want to ensure that I meet the standards expected in your course.

If possible, I would be grateful for an extension until 30th March, 26. I am willing to provide any documentation if required. Please let me know if this would be acceptable or if there is an alternative arrangement I should follow.

Thank you for your understanding and consideration. I appreciate your time and support.

Regards,
Anwita Dwivedi

Email 2:-

Subject: Interest in Summer Internship Opportunity.

Respected Internship Coordinator/ Hiring team,

I hope this email finds you well. My name is Anwita Dwivedi, and I am a first-year undergraduate student majoring in B.Tech Bioengineering at VIT Bhopal University. I am writing to express my strong interest in summer internship opportunities within your organization.

I have long admired your company's work various biomedical related fields, and I would be honoured to contribute to your team while gaining hands-on experience in areas related to the internship. My academic background, combined with my previous experiences have equipped me with strong skills, which I believe align well with the requirements of your internship program.

I have attached my resume for your review and would be happy to provide additional information, such as my portfolio or references, upon request. I would greatly appreciate the opportunity to discuss how my background and enthusiasm align with the goals of your organization.

Thank you for your time and consideration. I look forward to hearing from you regarding any available opportunities or next steps.

Best regards,

Anwita Dwivedi

VIT Bhopal

B.tech Bioengineering, year 2025-29
