Subject:- Request for Extension of assignment

Respected Professor,

I hope this email finds you well. I'm writing to request a brief extension for the assignment given, currently due on 28th of March, 26.

Over the past few days, I have been dealing with certain health issues, which has led me to not being able to complete the assignment to the best of my ability by the original deadline. I understand the importance of submitting the work as it makes up half the grade for the midterm and I want to ensure that I meet the standards expected in your course.

If possible, I would be grateful for an extension until 30th March, 26. I am willing to provide any documentation if required. Please let me know if this would be acceptable or if there is any alternative arrangement I could follow

Thank you for your understanding and consideration. I appreciate your time and support.
